

The Climber's Guide to the St. Elias Mountains, , 2005, 261 pages, Richard Holmes, 0976398001, 9780976398004, Icy Bay Press, 2005

A climber's guidebook to the St. Elias Mountains is designed to introduce the climber to the mountains in this range. Additionally, this guide is designed to allow the climber to see these mountains with the aid of 98 black and white photographs coupled with descriptions of all the major routes on the mountains. The book has a companion CD with 487 color photographs providing additional detail for the climbing routes that will be encountered. The book also contains important contact information for people in the park service and the pilots who will fly you to the interior of the mountains once you are there. This guidebook is the definitive source of information for any team preparing an expedition to the St. Elias Mountains.
